BRAGG'S INDIAN QUEEN VEGETA-BLE SUGAR COATED PILLS,

The Great Popular Medicine Of the day---Vast amount used per month --- The numerous and Wonderful Cares it effects--- Its Magical Effect upon Bilions Fevers, and Fever and Ague--- Great Excitement among the

Doctors! THE INDIAN QUEEN VEGETABLE SUGAR COATED PILLS BY now a lmitted, on all hands, to be the most extraordinary and valuable medicine in general use. It not only acts as a specific upon Bilious and Typhus Fevers, Chills and Fever and Fever and Ague of the west and south, but in all diseases of debility, weak stomach, indigestion, loss of appetite, impurity of the blood, and all senses prevalent in a western and southern climate. Their great power consists in their peculiar effect upon all the organs of the system, and the rapid formation of new and rich blood, which they produce. In this hes the great secret of their success. They are mild and pleasant in their action, but searching and permanent in their effect; pen trating the remotest recesses of the system by their ready absorption into the blood, thereby infusing a new supply of vitality and nervous power into all the machinery of life. The extensive popularity they have acquired all over the west and

50,000 Boxes per Month, And we find it difficult, with our large force of hands, and the late improvements in machinery which we have adopted, to manufacand southern States ! One large manufactory is constantly engaged in preparing the various concentrated extracts of which they are composed. From the best information we can obtain from our 8,000 setting agents, and hosts of attentive correspondents in all parts of the country, our medicine cures, per month, not less

than 10,000 cases of Fever and Ague, one thousand of which have resisted all other treatment; 4.500 cases of Billions Fever ; ,300 do of weakness and general debility;

2,500 do of various chronic diseases; 2,000 do of weak stomach and loss of appetite

860 do of Dyspepsia; ,200 do of Rheumatism 000 do of Female complaints; 200 do of Ague Cake, or Enlarged Spleens

,500 do of Liver Complaint; 500 do of Scarlet Fever: 400 do of Typhus Fever; 300 do of Putrid Sare Throat. This must appear almost incredible, but the numerous letters

from physicians, agents, and those who use the medicine, from all the western and southern States, satisfy us that this is a moderate estimate, and that our medicine is rapidly taking the piace of the various sugar-coated counterfeits which are affort, and the numer ous tonic mixtures, made wholly of quintine, which are imposed apon the public by manufacturers who live, nobody knows where! Dr. Bragg's famous Sugar Coated Indian Queen Vegetable Pills are of two sinds-the Cathartic and Tonic. The Tonic pills are peculiarly adapted to the quick and permanent cure of Fever and Ague, toroor of the Liver, and general debility. It is in Feverand Ague, Chill Fever, &c., that they achieve their greatest triumphs, it rarely requires over iwelve hours; or more than half a box of he tonic pil's to break the chills and effect a permanent curewhich is rarely the case with the tonic mixtures of quinine, hawk d about the country by ignorant pretenders. Those who take the tonic pills will never forsake them.

Who can wonder, then, that a medicine of such extensive popuarity, and extr. ordinary virtues should cause Great excitement among the Doctors! The prejudices of physicians against their use are at last giving way to the piny of reason, and the convictions of every-day experience which they derive from their patients and friends who Doctors are now almost every day sending orders from every

GREAT INCONSISTENCY!! Physicians prescribe DR. ROGERS' LIVER WORT AND TAR in the last stages and the most hopeless cases of CONSUMPTION, after all other medicines have failed, as it has proved itself to be the most extraor linery medical aid in curing that disease. Now this medicine is as valuable in the incipient stages, such as COUGH, COLDS, &c., &c., when the Lungs are not too far gone before ulceration takes place.
